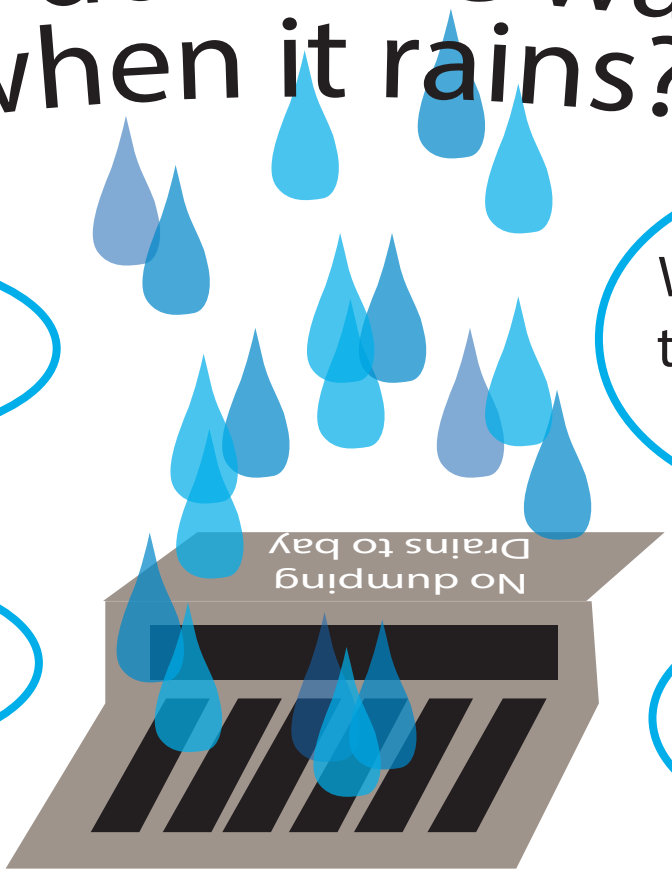
Where does the water go when it rains?

Does it get cleaned?

What happens to the trash on the street?



Does it soak in?

Why does it matter?

Become a First Flush Volunteer!

Volunteers are needed to collect water samples *during* the first major rainstorm of the winter season to determine what concentrations of pollutants are flowing into Monterey Bay National Marine Sanctuary.

Volunteer Training:

WEBINAR Wed., September 18th, 6:00 pm to 8:00 pm

HANDS ON Sat., September 21st, 8:00 am to 12:00 pm
