

# Where does the water go when it rains?

## Become a First Flush Volunteer!

Volunteers are needed to collect water samples *during* the first major rainstorm of the winter season to determine what concentrations of pollutants are flowing into Monterey Bay National Marine Sanctuary.

## Volunteer Training:

**WEBINAR** Wed., September 18th, 6:00 pm to 8:00 pm

**HANDS ON** Sat., September 21st, 8:00 am to 12:00 pm
