Event Location:
Sanctuary Exploration Center
35 Pacific Avenue, Santa Cruz, CA

Doors open at 6:30 pm
Event available via Facebook Live: www.facebook.com/MBNMS

The Ed Ricketts Memorial Lecture was created to honor scientists who have exhibited exemplary work throughout their career and advanced the status of knowledge in the field of marine science. The first award was presented in 1986. Recipients are selected by the Monterey Bay National Marine Sanctuary Research Activity Panel.

For Ricketts Award information see: montereybay.noaa.gov/research/ricketts.html
