NOTICE TO DIVERS RE: SAN CARLOS BEACH PARK

A section of San Carlos Beach Park often used by divers will be closed on Saturday, August 22 and Sunday, August 23. An 85-foot inflatable whale will be secured on the grass on the right side of the park facing the bay. The BBC and PBS in association with the Monterey Bay Aquarium will be rehearsing and transmitting from the park on those days. Divers are asked to locate on the grass section to the left of the center sidewalk facing the bay. Thank you for your assistance.

Dive Stores, Dive Instructors and Divers please note that on August 22 and 23 San Carlos beach will have a lot of activity. Approximately 50% of the grass area will be used by the BBC and PBS. Plan your dive day and parking smartly.

Pacific Grove Hyperbaric Chamber

Monterey Bay has become a premier diving destination, offering some of the most beautiful and pristine diving areas in the country. The City of Pacific Grove, on the Monterey Peninsula, has provided medical treatment to injured divers with its hyperbaric chamber since 1963. While the City of Pacific Grove provides for many of the chamber's operation needs, the facility needs additional fiscal support to reopen and continue to offer these important medical treatments. Please consider a donation to help this much needed, important resource for the local dive community.
